

2022 Asia-Pacific Microwave Conference

APMC 2022

December 1, 2022 / Yokohama, Japan

Student and Young Engineer Design Competitions

Results of Active Track

Rank	Name	Affiliation	Gain [dB]	Gain flatness [dB]	Board size [mm ²]
1	Taiki Kobayashi	The University of Electro-Communications	17.96	1.78	320.00
	The gain was top score in all-attendees				
2	Yudai Shiraishi	The University of Electro-Communications	10.06	0.37	178.69
	The gain flatness and the board size was top score in all-attendees.				
3	Taki Nagata	The University of Electro-Communications	14.21	0.58	412.39

The attendee of the highest total score is winner of this contest. The total score is evaluated in the following the three items: (1)Gain, (2)Gain flatness, and (3)Board size. The evaluation items are given the points in response to the rank.

If the total score is tied, the attendee with the highest (1)Gain will be given priority.
