

2018 MICROWAVE WORKSHOPS & EXHIBITION

Microwaves for Connected & Resonated Co-creative Societies

Date: November 28 to 30, 2018

Venue: Pacifico Yokohama, Kanagawa, Japan

URL <http://apmc-mwe.org/mwe2018/en>

Admission
Free

Organizer: APMC National Committee, Institute of Electronics,
Information and Communication Engineers (IEICE)

Supported by: Ministry of Internal Affairs and Communications, Japan

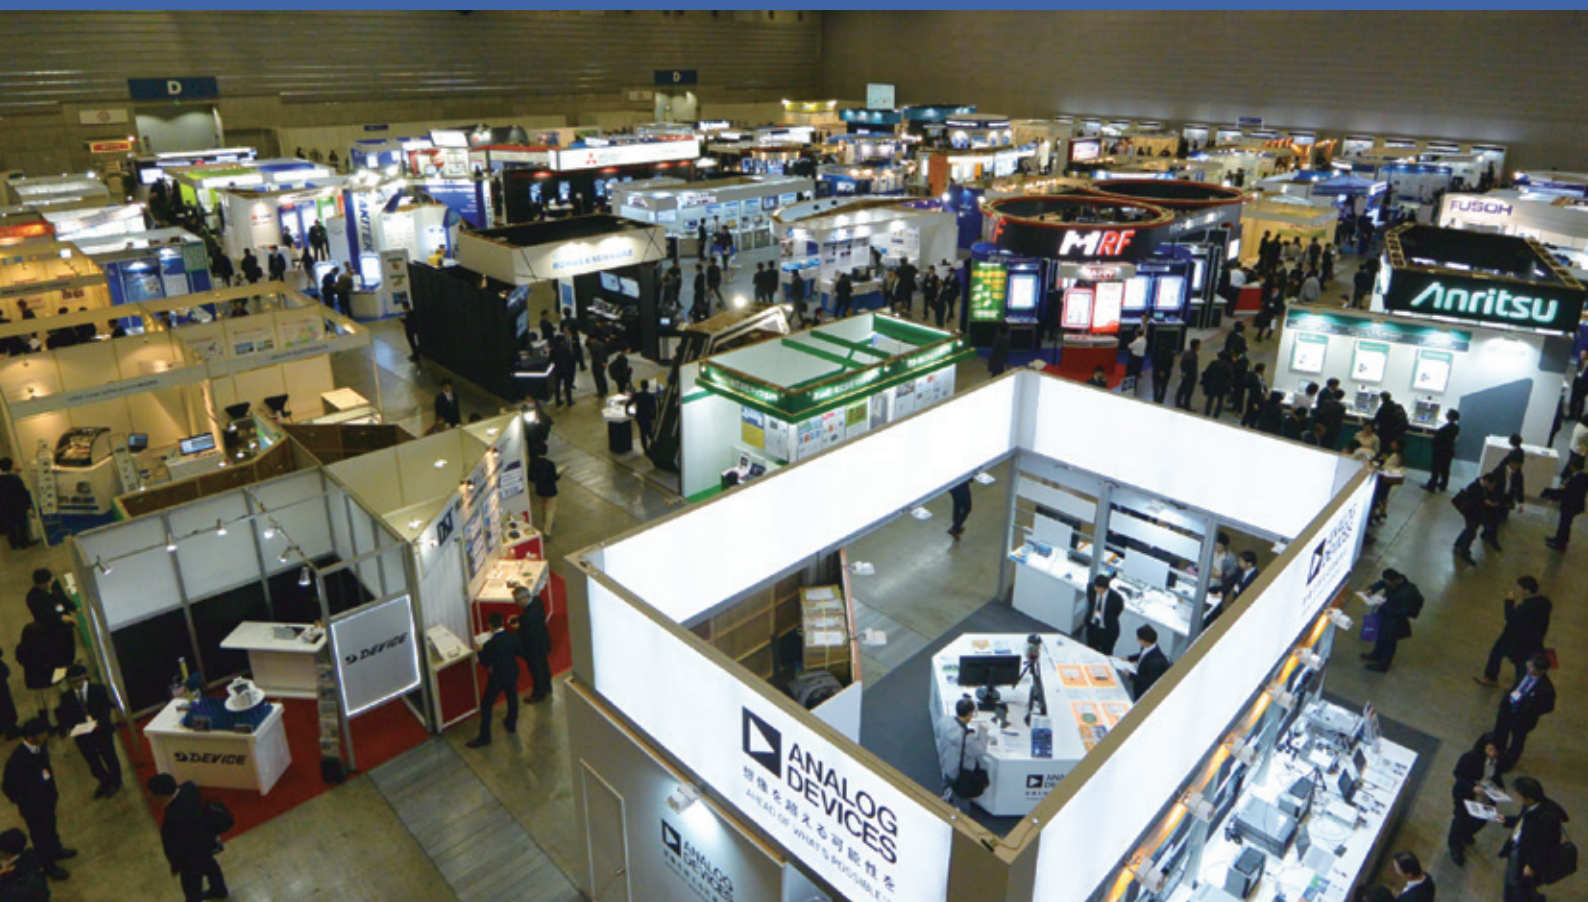

Technically co-sponsored by

The Technical Committee on Microwave, Electronics Society, IEICE/
IEEE MTT-S Japan, Kansai, and Nagoya Chapters/

Japan Society of Electromagnetic Wave Energy Applications/

The Japan Institute of Electronics Packaging/ etc.

The largest Microwave Exhibition in Japan!

Microwave Exhibition 2018

Exhibit Profile:

- The largest Microwave Exhibition in Japan, which has been held every year since 1991, to support the microwave industry.
- More than 100 companies exhibit their latest products and services, such as device circuit components, materials, radio application, the substrate to microwave systems, measuring instruments, evaluation systems, EDA, etc.
- Over 6,000 visitors are expected to attend the three-day exhibition and workshop.
- There is a university exhibition area, where universities and laboratories will present their recent researches.
- More than 30 technical workshops on microwave technology will be held at the venue on the same days, most of which will be presented in Japanese language.

The beginners and professionals of microwave technologies are welcome!

Many of the attendees are engineers and researchers from various fields as follows:

- 5G, IoT, ITS, wireless power transmission
- Microwave, millimeter wave and terahertz wave bands, device, circuit, antenna and system
- Measurements, simulation, EMC, new electromagnetic applications

We also have attendees from microwave-related organizations and companies as follows:

- Universities, colleges, and research institutions
- Venture companies looking for new businesses in the microwave industry

We look forward to seeing you at MWE 2018.
